

Altman Management Company Launches New Website

www.altmanco.com

(Ft. Washington, PA – December 2009) – Altman Management Company is proud to announce the launching of the company’s new website. Improved apartment search features, bold colors, and plenty of pictures put this website in a league of its own among the apartment industry.

“This new website has been much-anticipated”, affirms Bob Bluth, President of Altman Management Company. “The primary goal was to create a website that is user-friendly to prospective residents and our current residents. I look forward to the positive feedback about the many added features.”

The website offers visitors a Quick Search option on every page that enables them to search for an Altman community by location or specific property. In addition to the corporate pages, each community has its own website pages that include all the information prospects need – community home page, floorplans, features and amenities, rental rates, local neighborhood information, photo gallery, direct contact with the community, and more.

Current residents can access a section that is for them exclusively. This section enables residents to pay their rent on-line, submit a service request, complete a survey, resident referral award form, and rent insurance form, and more. Coming soon to the community page is an e-newsletter and a bulletin board for community-specific messages and upcoming events.

Established in 1949 as a family-owned construction company; today, Altman Management Company is a full service property management, investment, and development firm. A respected leader in the real estate industry, the company operates approximately 100 apartment communities, serving thousands of residents throughout the Mid-Atlantic region. For more information on Altman Management Company or any of Altman’s communities, visit www.altmanco.com or call 215. 884. 0500.
